### Executive RN-BS Cohort Model

In this Cohort model, students are admitted each Fall semester, with 2 nursing courses required in the prior Summer. There are 2 possible Cohorts each year if there are sufficient applications. Both Cohorts begin at the same time and take the same nursing courses. However, the graduation dates differ due to the differences in the number of outstanding non-nursing credits that are allowed to be taken within each Cohort. See Cohort requirements below.

- **Cohort 1 Requirement:**
  At the time of application, a maximum of 9 credits of non-nursing graduation requirements can be outstanding. These must be completed by the graduation date for the Cohort.

- **Cohort 2 Requirement:**
  At the time of application, between 10-24 credits of non-nursing graduation requirements can be outstanding. These must be completed by the graduation date for the Cohort.

- **Outstanding Non-Nursing Credits:**
  Some of the non-nursing general education requirements will be offered within the nursing program. However they may not all be the ones that every student needs. Some students may need to take them at one of the community colleges.

### Credit Minimums

- 120 total applicable
- 30 in residence at UHM
- 45 upper division (300+ level) credits

### Grade Point Average

- 2.0 cumulative or higher *(Note: Other GPAs may be required)*
- Good academic standing
