TO:

SUBJECT:
Upgrade Exterior Lighting Systems, University of Hawaii at Manoa, UHM 05-536A

CONTRACTOR:
Paul's Electrical Contracting, LLC

SCOPE OF WORK:
The work generally consists of selective demolition, asbestos abatement, earthwork, pavement repair, sealants, painting, lead hazard control, electrical work, installation of light poles and fixtures and miscellaneous related work in selected locations throughout the University campus.

DURATION OF PROJECT:

HOURS OF CONSTRUCTION:
7:00 AM to 4:00 PM

ACCESSIBLE ROUTES:
Accessible routes will not be affected by this construction.

ADVISORY:
Work will be performed in the following areas:
1. Along the pedestrian walkway between the Art Building, Bilger Hall, and Bilger Addition.
2. Along the concrete driveway (in the mauka-makai direction) at the entry to the loading dock between Bilger Hall and Bilger Addition.
3. Along the landscaped area on the Diamond Head side of the driveway between the Art Building and Bilger Addition.
Excavation and trenching work will be performed to install underground electrical power lines for new exterior light poles along the driveway and to reenergize the two existing light poles between Bilger Hall and the Art Building.

**Work will be performed from Monday, January 5, through Friday January 23, 2009.**

1. The pedestrian walkway between the Art Building and Bilger Hall will be closed during the above time period.
2. The accessible ramp from the pedestrian walkway to Bilger Hall will be usable from McCarthy Mall during the above time period.
3. The Bilger Hall loading dock will be usable during the above time period.
4. The driveway from Correa Road to the Art Building and to the Bilger Hall Loading dock will be usable during the above time period.

All persons in the vicinity of this construction project are advised to respect all construction barricades and all posted safety/detour signs. Your patience, cooperation and understanding are requested as the inconveniences inherent to construction (noise, dust, odors and debris) are generated by this project.
